Bill Gorton is Chair of the Environmental, Natural Resources & Energy Service Group for the firm. He is national counsel to numerous clients on environmental regulatory and land and water resources matters. He advises healthcare clients in permitting, acquisitions and environmental compliance matters. Bill has represented clients in the waste management sector including acquisitions, due diligence, compliance and contracting. He has been counsel in the development of numerous independent gas, solar and waste-coal power plants. He has been Lead Counsel to numerous surety companies regarding over \$4 billion in financial guarantees on bankrupt and/or defaulting mining operations, hazardous waste facilities and solid waste disposal facilities throughout the United States. He has been primary environmental counsel in the development of interstate pipeline associated with major natural gas resource development. He also counsels on large natural resource and energy, waste industry, business or corporate transactions, and project development assessing and addressing environmental regulatory issues and accomplishing clients' goals. Bill is also an Adjunct Professor of Environmental Law at the University of Kentucky's Natural Resources and Environmental Conservation program.

Before embarking on a law career, Mr. Gorton managed many projects as an environmental consultant on projects throughout the U.S.

CAPABILITIES

Practice Areas

- Environmental Litigation
- Environmental Surety Law
- Environmental Transactions & Due Diligence
- Environmental, Natural Resources, & Energy
- Health Care - Environmental
- Manufacturing
- Natural Resources & Energy
- Regulatory Counseling / Permitting
- Sustainability & Emerging Technology

RECENT ASSIGNMENTS

- Counsel to major healthcare corporations on acquisitions and environmental compliance obligations.
- Counsel to various clients dealing with Naturally Occurring Radioactive Materials ("NORM") disposal to Landfill business development to Landfill operations and acquisition.
- Lead counsel to numerous national surety companies in developing and advocating the surety industry positions in the bankruptcies of Peabody Coal Company, Arch Coal Company, and Alpha Natural Resources across the United States.
- Counsel in development of and property rights acquisition for interstate natural gas liquids pipeline from Marcellus and Utica shale resource areas including state and federal requirements, environmental analysis associated with permitting, construction and operation.
- Counsel to numerous manufacturing operations regarding regulatory compliance.

- Lead counsel in first Brownfields transaction in Lexington, Ky., (2013) in acquisition of GE plant site for LexTran.
- Advised and developed the state and federal reclamation financial assurance replacement program (\$150 million) including permit transfer, owner/controller notice and collateral releases associated with Montana and Wyoming Powder River Basin Coal Company sales.
- Lead environmental counsel representing international purchaser in \$1 billion acquisition of active multi-state coal company, including underground, surface and mineral processing operations.
- Acted as national counsel in coordinating matters for the New York Department of Insurance as Rehabilitator of Frontier Insurance Co. regarding surety exposure on over \$1 billion for hazardous waste treatment, storage and disposal facilities, underground and surface coal mines, gold mines and processing facilities, solid waste disposal facilities, recycling facilities and other regulated industries throughout the United States.
- Counsel to major Timber Investment Management Organizations in the acquisition of large Appalachian timber tracts and surface rights.
- Lead counsel to largest thoroughbred race track facility operator in the United States in federal CAFO rulemaking process with the United States Environmental Protection Agency under the Clean Water Act.
- Lead counsel to major U.S. surety industry client with the United States Department of Interior, Office of Surface Mining in federal rulemaking regarding “owner/controller” liability under the Surface Mine Control and Reclamation Act.
- Led a team of lawyers on behalf of a major surety company in the bankruptcy of Horizon Natural Resources, at the time the largest coal company bankruptcy in U.S. history. The team developed strategies to assure land reclamation on over 400 mines under federal and five state regulatory programs while mitigating over \$125 million in surety exposure.
- Environmental counsel in development and/or financing of numerous independent power plant.

MORE THAN STITES & HARBISON

Prior to attending law school, Bill was the manager of the Kentucky office of Skelly & Loy Engineers-Consultants and had managed natural resource development and environmental remediation projects throughout the United States. At Skelly & Loy, he developed the mine land reclamation programs under the Title IV of the Surface Mine, Control and Reclamation Act for Alaska and Virginia. He also managed technical projects for the U.S. Department of Interior, U.S. Bureau of Mines, U.S. EPA, Appalachian Regional Commission and numerous state agency and private sector clients. He is Chair of The Kentucky Bicycle and Bikeways Commission and has also advised the Kentucky Rails to Trails Council, Inc. on a pro bono basis, formed as part of the nationwide movement to develop abandoned rail beds into trails for recreation use. Bill is Assistant Professor/Adjunct at the University of Kentucky in the Natural Resource and Environmental Science Program teaching Environmental Law and Regulation. He is also a Trustee to the Energy and Mineral Law Foundation. An avid cyclist, Bill is a spin instructor at the Lexington YMCA. In 2010, Bill joined a group of amateur cyclists who participated in six stages of the Tour de France.
