Lee Pfeiffer joined Stites & Harbison in January 2019 as the firm's Chief Information Officer and Director of Business Intelligence. Combining his expertise in IT infrastructure compliance, IT security, and network infrastructure, Lee plays an instrumental role in leading cross-functional teams at the firm to better optimize Stites & Harbison's systems to ensure alignment with client needs and expectations. Lee was most recently with Equian, Inc. as their IT Business Architect for Claims Review and Reimbursement, and prior to that he was with Kindred Healthcare for over 10 years.
